Can you see me, do you know my position how quick is
your eye?

I have no home, no reason to roam yet I travel the
length of the sky

I stretch my fingers jagged icy white 'till my energy's
all around

My clutch is swift, my force is fearful I convey it without
a sound

I live to free the skies from everyone, watch me run -
watch me

The north wind rises, old man's eyes wondering deeply
as he locks his door

He knows the fear when I'm too near him, he's seen me
angry before

The black intruding clouds approach as I release a
destructive blow

All the crashing, all the flashing light brings terror upon
my foe

I fight with force and power for my land

I command the lightning's hand!

Run for cover - Oh your life is in vain if you try to escape
me

Don't look back - Oh your wealthy world cannot save
you

'Cause I'm gonna break you

I hear them moan, I hear them weep because they feel I
belong to the devil

They feel the pain, and will again 'till they stop
reaching up for this level

No one will defeat me, no one can

I command the lightning's hand!

"Dust In The Wind"

(Kerry Livgren)

I close my eyes, only for a moment, and the moment's
gone

All my dreams, pass before my eyes, a curiosity

Dust in the wind, all they are is dust in the wind

Same old song, just a drop of water in an endless sea

All we do, crumbles to the ground, though we refuse to
see

Dust in the wind, All we are is dust in the wind

Don't hang on, nothing lasts forever but the earth and
sky

It slips away, all your money won't another minute buy

Dust in the wind, All we are is dust in the wind
