When I'm needin' a friend, I can talk to the wind
God, I sure am glad that I found him
Sometimes he seems to be the only one beside me
Who can feel the Lord's breath all around him

Winter's cold frozen ice or a bright autumn day
On a warm summer night you can hear him say

Cry for me, sigh for me, sad my breezes flow
Stay for me, play for me, the song my friends will know
My lonely wind must blow

Mighty friend that is mine, can you give me a sign?
He'll leave nothing but only to hear him
I've seen the tall trees bend low, when his mighty winds
blow
And that's all the more reason I fear him

Hear him call for the earth lonely, I can feel his great
pain
But on the eve of this day, I'll join in his refrain

Cry for me, sigh for me, sad my breezes flow
Stay for me, play for me, the song my friends will know
My lonely wind must blow

When I'm needing a friend, I'll remember the wind
And my life here with the breezes of sorrow
I'll be leaving him soon, 'cause I've got to make room
For the lonely that will find him tomorrow

On a black stormy night in your bosom, I'll cling
And I'll know I've found love and the last song we'll sing

Cry for me, sigh for me, sad my breezes flow
Stay for me, play for me, the song my friends will know
My lonely wind, my lonely wind
My lonely wind must blow, yeah
