When the sun is in the mid sky, were he wears a golden crown

And he soaks the world with sunshine as he makes another round

It's been a faster year than yesterday, all things that I had planned

And when I think I might be gaining, I'm in the sunshine once again

Well I walk the road of life among the strong, among the weak

And I ask them for the shortcut to the answers that I seek

But no one seems to understand what is and what will be

Oh, the questions of my childhood, weave a web of mystery

Just a web of mystery

Can you get me through these changes?

Well, I sure don't know about life, but one thing for sure

All I need is you babe

We got to get the golden key to unlock the door

I don't wanna to face a world of disillusion

I've come to one conclusion that I know you know is true

In the game of silent searching the cost of love is rising

And I'm just now realizing I'd be better off with you

Better off with you

It's a game that I've been living, now I need to know what's real

Can you help me find the answers, can you tell the way I feel?

Will you stay with me forever, just stay with me tonight

And we can talk about tomorrow if it all works out

alright

Yes, if it all works out alright

Can you get me through these changes?

Well, I sure don't know about life, but one thing for sure

All I need is you babe

We got to get the golden key to unlock the door
