As the dew turns into frost  
There is something that I hope will  
Not be lost  
The leaves will change, they'll start  
To fall  
I still wonder if it mattered much at  
All

When my world starts to fade  
I can only hope that every choice I  
Made  
Will endure, and carry on ... into the  
Coming dawn

The breezes blow, soft clouds drift  
By  
Like some artists' canvas captured in  
My eye  
I am sure, I'm holding fast  
I am dying for a lifetime that will last  
But when my world, starts to fade

I'm still hoping this foundation that I  
Laid  
Will endure, and carry on ... into the  
Coming dawn  
We're so close, yet never touch  
Can there be a love that changes me  
This much  
I can't see, eyes open wide  
Yet I'll never doubt you're standing  
By my side  
When my world, starts to fade  
I can only hope that every choice I  
Made  
Will endure, and carry on ... into the  
Coming dawn
