Well you told me that I was just not the one,  
And you left me standing out in the cold  
It's been a long time and I'm so much better now,  
That I'm looking back and seeing it all  
and for the first time there's no pain in my life  
Though it's a long hard road that I've gone  
We had a good thing and it made me a man and I know

### CHORUS

You got me goin', pardon me my feelings are showing  
I'm only saying what's on my mind

Well I found you or maybe I found myself  
And I think we knew it all of the time  
We fit together just like a lock and a key  
And we opened up each other's minds  
Yeah, I was laughing 'cause there was no room to cry  
There was too much growing to do  
We had a good time and it ain't over yet 'cause I know

### CHORUS

You came from nowhere and you just jumped in my life  
and I know it never will be the same  
You made me love you Now I'm home once again  
No, I never want to leave you no more  
'Cause I'm attached to the better half of myself  
And there's nowhere else that I'd rather be  
You filled an empty, you fixed a bad broken heart, yes I  
know

### CHORUS
