See the words appear on the wall
There for every man who's standing tall
This water's pure, the well is so deep
The only treasure that a man can keep

Miles to go, and I feel the weight
Of these chains that I create
As I climb to the top of the hill
It draws me still
And I can't look back

(Chorus)

The heart keeps on burning
Oh, wheels, wheels, don't slow down
My soul keeps on yearning
Oh, wheels, wheels, roll me homeward bound

I'm looking through the eyes of a child
Like the innocent and unbeguiled
From the east, and far to the west

Soldiers conquer in a royal quest

One by one, as the seasons change
I press on in a world so strange
As I climb to the top of the hill
It draws me still
And I won't look back

(Chorus)

We are marching in time
To the reason and rhyme
As the glory of youth starts to fade
There's no burden to bear
For a debt that is already paid

(Chorus)
