[Lil Wayne]

Lights on, I see ya face  
She eat me up, she got expensive taste  
I see ya dreaming, but you still awake  
Big slices, that's how you cut the cake  
It's cold as hell, I show and tell  
Weezy home, our n-gga out of jail  
In this give or take World I got what it takes  
Put you out your misery, Kathy Bates  
I'm Young Money, I'm cash money  
If we could buy time, I spend my last money  
Now I'm spending time, you in a blind  
This little light of mine, I'ma let it shine

(All of the lights)

Bright lights, night lights, head lights  
Shh, no lights but the infra-red lights  
Yeah, long life, don't like to ask twice  
You killin' me baby, this the past life

[Rihanna]

Turn up the lights in here baby  
Extra bright, I want y'all to see this  
Turn up the lights in here, baby  
You know what I need  
Want you to see everything  
Want you to see all of the lights

[Big Sean]

Ready, set, now, go go, go go go til you can't go no  
more  
I'm I'll times ill, dope plus dope  
Westside bitch, quote, unquote  
Woah there boy, don't go there hoe,  
If you cross that line I might overload  
I swear these lights-lights-lights be talking to me but I  
can't read Morse code  
Why every rapper name BIG got body huh?  
But every rapper named Sean got money, ooooooh  
Well I guess my chances are fifty fifty

But my vision is twenty twenty so I'll be counting a  
hundred hundreds  
(All of the lights)  
Oh, my Allah, Lordy Lordy Lordy  
I took your chick now you want beef  
And I'm just chuckling like a porky cause you spend all  
day with her spooning  
I spend all night with her forking  
That's a one way ticket to hell and they want these  
bullets to book it for me  
Man, I'm shittin' on every statistic that said I'll be dead  
or f-cking broke  
This is History, your kids, kids, kids, kids gon book  
report me but, what  
And I think they wanna murder me  
I'm shining hard cause bitch I'm at Emergency  
B-I, GOOD G, I dooo it, boi

[Rihanna]

Turn up the lights in here, baby  
Extra bright, I want y'all to see this  
Turn up the lights in here, baby  
You know what I need, want you to see everything  
Want you to see all of the lights

[Alicia Keys]

Whoaa-oh-whoa  
Whoaa-oh-whoa-oh

[Elton John]

I tried to tell you but all I could say is ohhhh

[Drake]

Bad decisions, good intentions  
Man, I'm riding, Weezy with me  
I just left out of the strip club  
Made 5 thousand look like 50  
I spend all my time in Houston smoke that Kush but I  
don't do Whitney  
I don't do Britney, don't do Lindsay  
I made 2 million since last Wednesday and I hate y'all  
Ya'll got too much free time  
Sayin' I aint dropped shit  
Everything'll be fine  
Worrying 'bout your old girl,  
Tryna see if she's mine  
N-gga she's with me, when she tells you she needs  
some "me" time  
It's our time so f-ck y'all  
I really bout to go Spring break now, start taking shots  
in this muthaf-cker

And ya didn't really have all that ass, last month, girl  
you got some shots in that muthaf-cker  
Yeah, we got the Roc in this muthaf-cker and you  
thought n-ggas was gonna pop in this muthaf-cker  
Uh, Young Money, Power Respect in this bitch, you  
would think we got the Lox in this muthaf-cker  
I made mistakes, I made some bread, I even made a  
way for them to get ahead  
To my surprise, nobody replacing me  
Take Care and Carter IV, it wont be long 'til they could  
see the lights  
And I'm on one, I got one  
You a p-ssy n-gga, I'm not one  
So call it a night, call it a night  
And I run this, and y'all know that  
I take the purple and pour that  
All in a Sprite, all in a Sprite

[Kid Cudi]

Getting mine, baby  
Gotta let these n-ggas know, yeah  
Get it right, ay  
You should go and get your own
