Chorus

(Brandy)

I always knew that one day

They try to bring me down, way down, way down.

One day they try to bring me down. (x2)

(First Verse)

(Kanye)

We going to mass to day

We hafta pray, besides what the Pastor say

I have to say, since Pac passed away

Most you rappers don't even deserve a track from me,

You see

If you ever wanted to ever be anything

They'll always be somebody that'll shoot down any
dream

They'll always be haters, that's the way it is

Hata niggas mary hater bitches and have hater kids

But They Gonna Have To take my life fore they take my
drive

Cause when i was barely livin that's what kept me alive

Just THE Thought that maybe it could be better then we
at it

This time make it out of this grind fore im outta my
mind

And get some leeway on the he say she say

Ur girl don't like me how long has she been gay

Spanish Girls say you no habla Engles

And everybody wanna run to me for they singley

It's funny how these wack niggas need my help

Wasn't around when i couldnt feed myself

Dawg if i was you i wouldn't feel myself

Dawg if i was you i'd kill myself

Made a mill myself

And im still myself

And i'ma look in the mirror if i need some help

Ya'll don't speak from the heart ya'll all frontin'

Everybody feel a way about K but at least ya'll feel
somethin'

(Brandy)

Why you come here, I bet it only it was forget to get ya
What kind of dream we found, see I'm often at your
cross way
Forgetting it was that heaven let ya. They tried to bring
me down

[Chorus - 5X]
