[Kanye talking]

First of all this song right here got a long ass intro
You got everything you got beats from kanye
What else you need
This a this a kanye beat
Its not da it's not da imposters this time
You know you like this
I i know i i been in the studio with her
You know what listen to me

[verse 1]

You'll never catch me in that baby mama bizz again
Im pushin da g-5 all da girls tryna say my hair look
indian
And they aint neva seen him and mc em
Now i don't like fake titties but I'll f*ck lil kim
Its just da weight datz been killin me
I been waitin for hilary to leave da room to find out if
she feelin me
Sprinkle a little game tell her we tourin da same
She like a lotta clothes i like to see her out of em
She got a lot exsposed pump up the volume
Pump of the volume dance dance
Don't give kanye a chance
'cause imma gemini with 2002 rides
Yall talkin that business im peepin the thighs
Look imma tryna hit dat back end before i get dat back
end
Called g how do she need dat beat track again and tell
her

[Hook]

I came back for you
To show you that im workin with a little somethin
And we get the session pumpin
See i came back for you
'cause any rap chick dat look half nice
Im givin em half price

[Verse 2]

Back when eve went with steve
Before she had a weave
I was sendin her beat tapes like you wouldn't believe
Back when foxy had a group with nas and az
Da way she looked on chyna doll
I wouldve did dem beats for free
'cause only recently i been gettin a visa fee
Da checks i got from d dot was steady teasin me
I got some earrings he gave me they may be fake
But at least it's got girls callin me babycake
Now maybe kay can have a manaj with lazy kay
And lady may maybe hey
You lookin all thick and sweet
You need a n*gga that can give you d*ck and beats
So go and get angie and tell her

[Hook]

I came back for you
To show you that im workin with a little somethin
And we get the session pumpin
See i came back for you
'cause any rap chick dat look half nice
Im givin em half price

[Kanye talkin]

Right now i gotta 2 for head sale
Send send headshots first tho
Beat tapes for who
Oh trina im right there im right there
Ill be at the studio in five minutes
Yeah yeah she said she wanna ass look
Could she wear
I told her all i needed was my back end checked
I told her
