[Kanye Talking]

Its Kanye West straight outta  
Chi-Town Super Producer brought you  
Joints like H to the Izzo Take over  
And that new Scarface single and im chillin with da  
Da leader of da new school absolute heavy hitters yall  
.....

Yo...(clears throat while there's vocals in the back)  
Im kanye titta 1st of all comin str8 from da chi  
Uh i don't lie  
Its like da singer say  
Ive been known to do beats like that know wha im sayin  
Brought u hits such as uh uh  
I love girls girls girls girls  
Gimme some brain before i hop up on this plane  
Gotta head right back to da chi

[verse 1]

Now even though i went to college and dropped outta  
school quick  
I always had a p.h.d. a pretty huge d\*ck  
Ladies tired of gettin ripped off by guys like this  
Givin head is like a whale that's usin a toothpick  
Well im in da club for a limited time only  
Two way a phony if you tryna bone me  
Ya man got monie ya still feel lonely  
Claim he love you it's no doubt it's gwen stef-phony  
You a light skinned nia  
Dark skinned tamia  
Black jennifer lopez  
A ghetto senorita  
You remind me of my jeep but not nokia  
We can talk on my cell but not nokia  
It be goin in and out that's why i barely here ya  
It be goin in and out like a robberia  
Im tryna take dis money like rob and gia  
And imma take u to my house like trick and trina  
Chi-town chi-town big city of dreams  
And my d\*ck so big it can't fit in my jeans

And a bitch so mad she can't get in my cream  
And it gets so bad she wanna tear up my things but still

[Hook x2]

K-A-N-Y-E chi-town play ya out in NYC  
She said she wanna go on a shoppin spree  
But her some cheap J.LO jeans 'cause da ass is free

[verse 2]

I love girla girls i got a fetish for em  
But not no lettuce for em  
Dick and bad credit for em  
Bills bills i know she tryna get paid  
She know im tryna get laid  
She figure that's an even trade off  
If she a stewardess i show her to my cockpit  
If she a lawyer than i give her johnny cochran  
If she wanna see me again she betta get 2 friends then  
maybe then  
We'll have group sex toothex  
And a young girl off dat x  
And she just turned eight teen  
That's when she was against the law  
So for her bithday i put this d\*ck against her jaw  
And like a picture in a frame put it against the wall  
Said she had never been with a man before  
But she not a virgin huh she a lady lover  
I didn't know yall take each other out  
And date each other uh but dats a lady lover  
I aint even know dat was ya baby mother

[Hook x1]
