Something I did Something I don't
I can't explain how to
I cant' speak for everybody but

[Verse 1]

There must be more good women than men
percentage wise
So her chance of having a husband just minimized
That's why a lot of girls claim they ain't into guys
And mess with other girls part time to improvise
I knew she wouldn't ride though I seen it in her eyes
And I'm like any other guy tryin' get in her thighs
She telling me 'bout how black people should
enterprise
And I'm like if you don't get yo' ass in this ride from
Enterprise
That I rented it yesterday and got to have in by 5
With the gass fully filled up like I didn't drive
Told her had a girl dawg fuck it I didn't lie
Told this rap game is all right I'm just getting by
She had a little weed and we get a little high
And I'm looking in her eyes and I'm loving her vibe
Told me back in 95 she fell in love with the tribe
Boo back in 92 I was just like you
Please don't get confused by the ice and jewels
I'm like any other nigga buy ice to stay cool
Like any other nigga that claim they hate school
And think yeah Free's banging but she no Rachel

[Chorus]

We ball till we fall
Hit the mall
After we hit don't call
Fill your lives
With nothing but lies
And I would like to apoligize
(repeat twice)
You can't stand right here
And tell me everything is going to be all right
'cause until the day a real man stands up I'm going
have to improvise

[Verse 2]

Was it something I did wrong yeah I know I'm wrong
She's at home alone and I'm always gone
Hate it when she mad but more when she passive
Now she on the internet looking for classes
Out of state though man that hurt yo
But I got work though and I'm at work yo
And she don't call a lot but when she do she pouring
out her heart
You never listen to me then the call drop mmmmm
And I promised her everything
Told her when I get a deal I'll get her a wedding ring
But when I got my deal I was back in the ring
Fighting my urges
Strip club splurges
Never had money so I felt like a virgin
And I'm trying to break the banks cherry
Trying see can I afford Carnaries
With a Ferrari and a dinner date with Halle Berry
Went from 50gs to 50 hundred in a week
Now I'm trying to call
One ring Two ring Seven ring Eight ring
Some other picked up the phone
Like she at school and she don't stay here no more

I guess it's more good women than men percentage
wise
So her chance of having a husband in minimize
I guess that's why she say she ain't into guys
Focus on school full time to improvise

[Chorus]
