[chorus]

(Little girl please stop your cryin
... ha ha ha ha ha
Cuz i'll be late for dat)
I'll be late for that
Baby i'll wait for that
If you had a taste of that You probably pay for that
I'm comin in when I feel like to turn this muh' fucker up
only if it feels right.
I'll be late for that
I can't wait for that
I think I was made for that
So i'm comin in when I feel like to turn this muh'fucker
up only if it feels right.
(little girl please stop you cryin)
Ha ha ha ha ha

[verse-1-kanye]

Stop all ya blood clot cryin, I was flyin
Made it to school with barely enough time to sign in
Yah i hear the alarm
Yah i hear ya mom, yah, yah i don't wanna be broke
when i'm 31
They say the best classes go to the fastest
Sorry Mr.West there's no good classes
And that's what yo ass get
Not even electives, not even prerequits?
You meen I missed my major by a couple of seconds?
Now I'm in the shop class or the basket weaven' with all
the rest of them muh' fuckers under achieven
Man this is an insult
I went to Jr. High with all them and they been slow
If i can catch the beat to slow down the tempo
Just throw this at the end if i'm to late for the intro
Will i make it from the student loans to a benz-o?
Like old folks pissin, i guess it all depends,oh,oh
...stop your cryin baby

[chorus]

[verse 2]

You know when you be late you miss all the lights
That's right(that's right), that's right(that's right)
And when you get back she gonna start up a fight
That night(that night,)that night(that night)
Baby it's to late for that
Lately I've been taken it slow
Try to make it to the party 'fore the guest list close
With the freshist hoes,the professors know
We about to get real unprofessional
Like tham eskimo's
What would you do for a klondike?
Or two dykes who look Cristina Millan like?
Hmmm... I'll be on time for that
I ain't thought of no line that could rhyme with that.
Yo, I'll be there in 5 minutes, 5 hours later,I'll be there
in 5 minutes, Gon'head ride with it
I'm so live with it
Look how I did it
Been bullshittin but I finally arive with it
I know it's late and I took all year, but you can stop
complainin cause I'm finally here, Yah

I'll be late for that.....[repeat 4x]
Ha ha ha ha ha...ha
