# "Take One For The Team"

Visit "[Take One For The Team](#)" on [MotoLyrics.com](http://MotoLyrics.com)

[Chorus: Pusha T]

Doing my thing, pocket full of green  
Hand on my dick in my thousand dollar jeans  
Your girl a Queen, my girl a thing  
You know what though? I'm a take, I'm a take this one  
for the team

[Kanye West:]

I'm a take this one for the team  
GOOD music  
Yeah you know what  
I figured out I'm not a nice guy  
I shook hands, kissed babies gave it a nice try  
You know what I hate pictures of other peoples kids  
I hate plastic couches in other peoples cribs  
I hate when other peoples crib's smell like shit  
I hate when I leave, I smell like the crib  
What's the cause of the poor smell?  
She said "I just cleaned up baby I can't tell"  
Why every ghetto bitch gotta smell like Love Spell  
Or that God-damn cucumber bath and body works  
I can still smell the sweat the shit hardly works  
What about Cool Water that shit probably worse  
Is he a classic like the Ladi Dadi verse  
And my man probably hollered at the hottie first  
I score, he took the charge  
Ooooh, that shit gotta hurt

[Chorus: Pusha T]

[Pusha T:]

Nevermind me, 'Ye have fun  
If the cops ask, that's my gun  
That's my weed, anything you need  
I'm a take, I'm a take, I'm a take this one for the team  
One fat ass, one flat ass  
Nigga hit the switcheroo on my black ass  
Ever seen Joe's jeans on a jackass  
And my bitch got on tights with a tac ass  
I'm a fly nigga and I carry on  
With the bottles of that Rose and Perignon

Ever seen how a kingpin carry's on  
Dookie chain and a herringbone  
Real shit, gotta feel this  
First class flights baby that's a field trip  
Double date don't cooperate, kill switch  
Fuck me and my man, you a real bitch

[Chorus]

[Kanye West:]  
Ladies and gentleman  
It's G.O.O.D music in the house  
And we got Keri

[Keri Hilson:]  
All I know you the one that I heard about  
Know you work your way up through word of mouth  
Plus I'm a have to test you in and out  
It's a dirty job but sometimes you gotta take it for the  
team  
Take it for the team  
Take it for the team  
Take it for the team

(I like your mentality baby)

[Cyhi The Prynce:]  
I'm blowing on stinky that come in a jar  
I'm playing with her kitty later come in the car  
She a red bone but her cousin is dark  
A little out of shape but you'll fuck in the dark  
Until she start complaining 'bout her feet hurt  
I'm trying fuck, she talking she wanna eat first  
I'm like why did this bitch have to bring her  
I'm tryna get her back to the nest so I can sting her  
So I hit Big Sean on the ringer  
I said I gotta chick for you that'd like a singer  
On a scale of 1-10 she's a 15â€²er  
Meaner, shoulda seen a nigga face when he seen her  
He said the bitch wasn't pretty enough to finger  
Though on my team she will be a fifth stringer  
I said I got the fine one and the beamer  
I'm the point guard and I need wing...

[Keri Hilson:]  
Take it for the team  
Take it for the team  
Take it for the team

[Chorus]

[Kanye West:]  
GOOD Friday's,  
It's the nigga they love to hate  
But all the bad model bitches they love to date  
You need to check my swag and get up to date  
Check check my swag and get up to date  
We in the bathroom now, she get her back blew out  
She can't clean but I bet she got a vacuum mouth  
And I bet I'm gon sweat her Vidal Sassoon out  
Her friend buss it, God damn it, bought the Racoon out  
For the team, ugh

Like we always do at this time  
Like, Like we always do at this time  
I go for, I got to...  
Like we always do at this time  
Like we always do at this time  
Go for, I go to  
Like we always do at this time  
Like we always do at this time  
Southside, we gon set this party off right  
This time,  
This time, yeah yeah  
Mike Dean on the keys, hey  
They love to hate, bad model bitches they love to date  
You need to check my swag and get up to date  
Check check check my swag and get up to date  
Ey, it's the man they love to hate  
But all the bad model bitches they love to date  
They need to check my swag and get up to date  
Check check check my swag and get, ugh, hey
