Who's that peeking in my window, uhhh
You should let some more skin show,
And if one of these websites get the info,
We can work it out no nintendo,
I just hit alt tab, switching between 2 convo's
I should just call cabs and bring em both here to the
condo,
Yeah, normally it ain't a question,
We would cross paths like an intersection
But she just too far away for affection
So I pray that we never lose a connection
Cos I remember stacy, she probably hate me,
She used to threaten she had a man to replace me,
She talk that sh-t I just hit the escape key,
And then she get mad and wanna go and erase me,
And I remember amy, she used to AIM me,
She stayed up late and used to blame me,
She say I'm too wild, she wanna tame me,
I told her even photoshop couldn't change me,
But you you you got me open girl, why lie,
We ain't even tryin to settle so why lie,
End the night with a kiss and a bye bye,
No strings attached your love is so wi-fi,

[Jamie]

I love it girl
The way you bring your light into this room
I love it girl
The way you lace that up when you in them shoes
I love it girl
The way your lip looks after you apply the gloss
I love you girl girl
You look right in the screen and take it off off

See I can't wait till I get a little taste of you
And I just upgraded to 10-80-i hi def just for you

My digital girl girl girl girl girl girl
She's my digital girl girl girl girl girl girl girl
She's my digital girl

[Jamie]

My homies never seen
But I always got you right here for me
Tucked in my louis computer bag
Wherever you are I could be
I type you messages for the next send off
You shoot me a video and then I load
Even though I hate this distance it keeps me persistent
One day I'll have your ass up in this kitchen

My digital girl girl girl girl girl girl girl
She's my digital girl girl girl girl girl girl girl
She's my digital girl

Not a day goes by shawty
Without you on my mind shawty
The Donna Karan underwear, baby
I wanna see what's under there, baby

[Kanye]

When you see the picture cut off the face
Now cover up the tattoo by the waist
Let the MC search till I reach third base
And when I get home imma hit home plate
Wait would this be considered our first date
Ye this picture just looks so trashed
Your body make a baller spend Cuckold cash
Plus every good girl wanna go bad
And pose in the mag like Stacy dash
Or Kim Cardash and be a lady at it
You know what's a crazy thing
the girls that make you wait longer than ac green
Passion of the Christ 33 year old virgin
That's disrespectful baby don't encourage him
I like them brown yellow Puerto Rican or Persian
Dashiki kimono or turban
They say I dress white but my swag so urban
Tryin' my luck
I hit her with the text, said
Baby you up
Question mark
And she was my yes-s-s-i-r

[Outro][The Dream And Jamie Foxx]

My digital girl girl girl girl girl girl girl
My digital girl girl girl girl girl girl girl
My digital girl girl girl girl girl girl girl
Girl girl girl girl girl girl girl
