There must be more good women than men
percentage-wise
So her chance of having a husband just minimized
Thats why a lot of girls claim they aren't into guys
And mess with other girls part time to improvise
I knew she wouldn't buy I see it right in her eyes
But I'm like any other guy tryna get in her thighs
She tellin me bout how black people should enterprise
And I'm like if you don't get your a-s in this ride from
enterprise that I rented yesterday and gotta have in by
5
With the gas fully filled up like I didn't drive
I told her I had a girl but f--k it I didnt lie
This rap game is alright I'm just gettin by
She had a little weed and we get a little high
And I'm looking in her eyes
And I'm loving her vibe
She told me back in ?95 she fell in love with the tribe
Back in ?92 I was just like you
Please don't be confused by the ice and jewels
I'm like any other n---a my ice just stay cool
Like any other n---a that claim they hate school
And think yeah frees bangin but shes no Rachel

We ball til we fall
Hit the mall
After we hit don't call
Fill your lives with nothing but lies
And I would like to apologize

We ball til we fall

Hit the mall
After we hit don't call
Fill your lives with nothing but lies
And I would like to apologize

But you can't stand right here and tell me everythings
is gonna be alright
Cuz until the day a real man stands up I'm gonna have
to improvise

Was it something I did wrong?
Yeah I know I'm wrong
Shes at home alone and I'm always gone
I hate it when shes mad but more when she passive
Now she on the internet looking for classes

Outta state though man that hurt yo

But I got work though
When I'm at work yo
If she don't call a lot and when she do she pourin out
her heart
?You never listen to me?
Then the call drop

And I promised her everything
Told her when I get a deal I'll get her a wedding ring
But when I got my deal I was back in the ring
Fighting my urges strip club splurges
Never had money so I feel like a virgin
And I'm trying to break the bank's cherry
Trying to see can I afford a canary (?)
With a ferrari and a dinner date with Halle Berry
When from 15 gs to 1500 in a week
Now I'm trying to call
One ring, two rings seven rings eight rings
Her mother picked up the phone
Like she at school and she don't stay here no more

I guess theres more good women than men
percentage wise
So her chance of having a husband just minimized
I guess thats why she say she ain't into guys
Focus on school full time to improvise

We ball til we fall
Hit the mall
After we hit don't call
Fill your lives with nothing but lies
So I would like to apologize

No no you can't stand right here and tell me
Everything is gonna be alright
Cuz until that real man stands up
I'm gonna have to improvise

You can't stand right here and tell me
Everything is gonna be alright
Cuz until that real man stands up
I'm gonna have to improvise
