

I heard you nigga's tapes, need a little bit of help  
But I'm rappin' and I can't do nothin' for ya, man  
S.G'll hop this, 40 grand if you ain't fam  
I mean, if you ain't Hov', if you ain't Cam'  
Damn, I know you say he's killin' hisself  
He got a little bitty deal now he feelin' hisself  
Yup, just 'cause I played beats and act hospitable  
Don't mean I can't get you changed to hospital you  
I'm from a raw family, dog, and I'll spit on you  
So play like a kid in the garden and get little you  
Who ya hype man? I'm curious  
It got you souped up like the cars on The Fast & Furious  
You goin' through movin' critters, now who's laughin'?  
The best producer that rap better than the rappers

[Chorus x2 - last line by K. West the 2nd time]
