One Night Extravaganza

Last Night, Me and my dawgs were hangin out,
Tired of bein cramped up in tha house,
We were simply celebrating life,
Off from work today, so it's alright.
But all those up & downs then began to twist,
Started dancing with this model chick,
Then every record became our favourite song,
And that is all that I remember.

Cuz I had one too many drinks,
And ended up at tha embassy,
With this pretty little thing
from Memphis, Tennessee.

It was a one night extravaganza.

When I woke up from last night's savagery,
Baby girl was layin next to me (Next to Me)
Shoes and clothes were scattered everywhere.
i got dressed and got up outta there,
But not before i called for me, a cab. (Me a cab)
Hungover from all the drinks i had. (drinks i had)
Now I'm telling my story here to you,
Everything that i remember...

Cuz I had one too many drinks,
And ended up at tha embassy,
With this pretty little thing
from Memphis, Tennessee.

It was a one night extravaganza.

I had one too many drinks,
And ended up at tha embassy,
With this pretty little thing
from Memphis, Tennessee.

It was a one night extravaganza.

Extravaganza, (x3)

Oh it was a extravaganza.

Yes it was, Things that I remember.

Kanye:

And I remember,

Bein at tha bar,

Tryin to ask what the Hypno hit fo' (Hit fo)

Knowin I can't afford to get Mo'(Get Mo')

Heres a broke N***a trick,

Buy one bottle and sip slow (Sip slow)
Or, or leave tha club now,
Do like i did,
Come back when you get dough.
A fish stick n***a, now we messin wih lobster,
We messin with Grammy's, We messin wit Oscar's.
(Jamie: Yeah...)
We messin wit that dranky drank,
Plus you puffin on that stanky stank (Jamie: Yeah...)
In tha morning you ganna draw a blank.
The hotel said ya'll was a hour
My girl wouldn't of known shit.
Man, I picked the wrong one.
Steady talking bout I aint like them other girls.
Well tonight, I'm tryin to find them other girls.
Bring they own rubber girl, Never meet your mother
girl.
U know they love it when you love them,
Then they tell they're friends, girrrl.
I had one too many drinks,(Kanye: You know they gon'
blame it on tha drinks)
And ended up at tha embassy,(They jus'use it as an
excuse to do exactly what you want)
With this pretty little thing
from Memphis, Tennessee. (J. Foxx. Kanye to tha)
It was a one night extravaganza. (& tha winners are.)
Kanye:
Thats BSP baby,
There's a lot of Black star power in tha room right now,
Easy, Easy please baby easy,
Calm down please.
Jamie:
I had one too many drinks.
