[Chorus: Kanye West]

I'll be late for that, baby I'll wait for that  
If you had a taste of that, you'd probably pay for that  
I'm comin in when I feel like  
To turn this muh'fucker up only if it feels right  
I'll be late for that, I can't wait for that  
I think I was made for that  
So I'm comin in when I feel like  
To turn this muh'fucker up only if it feels right

[Kanye West]

Stop all your blood claat cryin, I was flyin  
Made it to school with barely 'nuff time to sign in  
Yeah I hear the alarm, yeah I hear you mom  
Yeah yeah I don't wan' be broke when I'm 31  
They said the best classes go to the fastest  
Sorry Mr. West there's no good classes, and that's what  
yo' ass get  
Not even electives? Not even prerequits?  
You mean I missed my major by a couple of seconds?  
Now I'm in the shop class or the basket weavin  
With all the rest of the muh'fuckers underachievin  
Man, this is a insult  
I went to junior high with all of them and they been slow  
If I can catch the beat then slow down the tempo  
Just notice at the end if I'm too late for the intro  
Will I make it from the student loans to a Benz-o?  
Like old folks pissin, I guess it all (Depends), oh, oh  
... Stop you're cryin baby

[Chorus]

[Kanye West]

You know when you be late you miss all the lights  
That's right (that's right) that's right (that's right)  
And when you get back she gon' start up a fight  
That night (that night) that night  
Baby it's too late for that, lately I've been takin it slow  
Try and make it to the party 'fore the guest list close  
With the freshest hoes, the professors know  
We about to get real unprofessional

Like them eskimos, what would you do for a Klondike?  
Or two dykes that look Christina Milian like  
Hmmm, I'll be on time for that  
I ain't thought of no line that could rhyme with that  
Yo, I'll be there in five minutes, five hours later  
I'll be there in five minutes, go 'head ride with it  
I'm so live with it, look how I did it  
Been bullshittin but I finally arrived with it  
I know it's late and I took all year but  
You can stop complainin cause I'm finally here, yeah

"I'll be late for that" - [repeat 4X]
