Im not loving you,
the way i wanted,
what i had do,
Im in love with you, but the vibe is wrong
And that haunted me, all the way home
So ya never know, never never know
Never know enough,
till we lose control,
system overload,
screaming no no no no no,
Im not lovin you, the way i wanted to
What i had to do, had to run from you
Im in love with you, but the vibe is wrong
And that haunted me, all the way home

So i keep in mind, when im on my own
Somewhere far from home, in the danger zone
How many times did it take til i finally got through
You lose, you lose

How many times did it take till i finally got through
You lose, you lose

LMFAO. Rock the beat and rock this show.
Move your feet onto the floor. Start to freak and drink
some more.

I'm in love with you but the love is gone. It ain't over
baby 'cause we still can bone.
I see that day you left me, for another dude, and now
your heart is empty, feeling so confused.

Now you want me back, trying reattach!
Begging "PLEASE" on your knees trying to suck me
back!

But you done broke my heart, into a million pieces.
I should've seen it coming, wish i had telekinesis

I said you broke my heart, into a million pieces.
I can't love you but I can f*ck ya till you call me Jesus.

I'm in love with you, but it ain't the same,
Girl, I sip goose and that ain't going change.
You telling me,
i'm doing wrong,
wanna lock me up
so i'm gone.

I love to party, love the club.
I want your body. Not your love.

Girl, you know our love is real.
But you can't control me, baby.
And you know just how I feel.
But you can't control me. (me me me me me me)

Girl you know my love is real.
But you can't control me baby,
You know just how I feel, but you can't control me
Girl, you know our love is real
But you can't control me
baby
You know just how I feel
Can't control me baby
You lose
You lose
