Now beat that  
And your mothers sayin "go to college"  
So u finish college and its wonderful  
U feel so good  
And after all the partying and crazing  
And don't forget about that drug habit u picked up at  
school bein around your peers  
Hey now you'll get that 25 thou, job a year and  
You'll spend all your money on crack cocaine, but  
it'll be you're your money  
No more borrowin money from mom for my high  
So now you get ur degree tattooed on your back your  
so excited about it  
If u continue to work at the GAP, after several  
interviews, Oh my god!  
You'll come in at an entry level position and when u  
do that  
If u kiss enough ass, you'll move up to the next level  
Which is being a secretary's secretary!  
And boy is that great, you get to take messages for the  
secretary  
Who never went to college  
Shes actually the bosses niece, so now your apart of  
the family  
You know what college does for you?  
It makes you really smart man  
All you kids want to talk in the back of the class not me,  
I listened, ok  
I was a hall monitor, This was meant to be,  
You know how many classes I took, extra classes extra  
classes  
No I've never had sex but you know what, my degree  
keeps me satisfied  
When a lady walks to me says "hey u know whats  
sexy?"  
I say "no, I don't know what it is, but I bet I can add  
up all the change in your purse very fast".
