Playing a forty five  
Sitting next to you  
Thinking of a fantasy  
Wishing it come true

Stratosphere of love  
Waiting up above  
Take me by the hand  
And let's go.....

Soaring to the sky  
Rolling on the clouds  
Dancing in the heavens  
Romancing under stars

Two starry eyed lovers  
Whispering sweet delights  
Sharing souls forever  
Touching moonlight

Hold me in your arms  
Fill me with your charms  
Such an endless flight  
All through the night

Soaring to the sky  
Rolling on the clouds  
Dancing in the heavens  
Romancing under stars

Embracing one another

Filling up our hearts  
Turning up the passion  
Yearning for the sparks

Never let me go  
We can last forever  
Always by my side  
You and me together

Soaring to the sky

Rolling on the clouds  
Dancing in the heavens  
Romancing under stars

Teasing one another  
Stirring up the fire  
Building up the heat  
Loving with desire

Playing a forty five  
Sitting next to you  
Thinking of a fantasy  
Wishing it come true

Playing a forty five  
Sitting next to you  
Thinking of a fantasy  
Wishing it come true..... (to fade)
