Im cold (yeah)
Im cold (yeah)
Im cold (yeah)

(Lil Wayne)

I got the right
To put up a fight
But not quite
Cos you cut off my light
But my sight
Is better tonight
And i might
See you in my nightmare
Well how did you get there
Cos we was a fairytale
But this is farewell yeah

(Kanye West)

I got my life
And its my only one
I got the night
im running from the sun
So goodnight
Im heading out the door
door door door door
After tonight
there will be no return
After tonight
Im taking off on the road
Im taking off on the road
And that you know
That you know

(chorus)

Tell everybody that you know
that i dont love you no more
And thats one thing that you know
That you know

(Kanye West)

Ok im back up on my grind
You do you
And im just gonna do mine
You do you
Cos im just gonna be fine
OK
I got you out my mind
And the night is young
the drinks is cold
The stars is out
Im ready to go
You always thought
I was always wrong
Well now you know
Tell every body
Every body
That you know

(chorus)

Tell everybody that you know
that i dont love you no more
And thats one thing that you know
That you know

(Lil Wayne)

I got the right
To put up a fight
But not quite
Cos you cut off my light
But my sight
Is better tonight
And i might
See you in my nightmare
Well how did you get there
Cos we was a fairytale
But this is farewell yeah

Baby girl im finished
I thought we were committed
I thought we were cemented
How long we thought we'd been in it
Well now we just repentin'
And now we just resentin'
The clouds are in my vision
Look how did i be getting in this
All because of you

Girl we through
You think your shit dont stink
But you are Mrs. P U
And i dont see you with me no more
I tell everbody that you know
That you know

(chorus x 2)
That you know
Tell everybody that you know
that i dont love you no more
And thats one thing that you know
That you know
