(Kanye & Wayne)

Im cold (yeah), Im cold (yeah, yeah)

(Wayne)

I got the right to put up a fight  
But not quite cause you cut off my lights  
But my sight is better tonight  
And I might see you in my nightmare  
Oh how did you get there?  
Cause we were once a fairytale  
But this is farewell.

(Kanye)

I got my life and its my only one  
I got the night im running from the sun  
So tonight I made it out the door (door, door, door,  
door)  
After tonight there will be no return  
After tonight im taking off on the road (im taking off on  
the road)  
And that you know (that you know)  
Tell everybody that you know (that you know)  
That I don't love you no more  
And that's one thing that you know (that you know)

(Kanye)

Ok im back up on my grind  
You do you and im just gon do mine  
You do you cause im just gon be fine  
Ok I got you out my mind  
And the night is young  
The drinks is cold  
The stars is out  
Im ready to go  
You always thought I was always wrong  
Well know you know  
Tell everybody (everybody) that you know (that you  
know)  
Tell everybody that you know  
That I don't love you no more  
And that's one thing that you know (that you know)

(Wayne)

I got the right to put up a fight  
But not quite cause you cut off my lights  
But my sight is better tonight  
And I might see you in my nightmare  
Oh how did you get there?  
Cause we were once a fairytale  
But this is farewell.

(Wayne)

And it's all because of you

But you just Miss P.U.  
And I don't see you with me no more

Tell everybody that you know (that you know)  
That I don't love you no more  
And that's one thing that you know (that you know)  
That you know (that you know)
