[laughs]

I knew I was gonna see ya, I knew I was gonna see you  
again!

I was gonna see you again

Where your god damn book bag at?

Always carryin' that lil book bag

Nobody wanna see that

God damn fourth grader

Sit yo' ass down

?? showin up late again like you got somethin else to  
do

You ain't got nothin' else to do

You ain't doin nothin wit yo life

[piano starts]

Nothing with your life

What do you think this is?

You betta look at me when i'm talkin' to you!

You think this is easy don't you?

You think this is promised

Oh ain't nothin promised with you

Look at my face, do I got a promise face?

Does it look like promise you anything?

Kanye!

Ni\*\*a! Is you snorin' in my class?

Wake up Mr. West!wake up Mr. West!!!

[echoes into next song]
