(Unh, can the headphones go louder?)
(KANYE WEST!)
(Swag King Cole)
(DJ KHALED!)
Canâ€™t a young nigga get money anymore?
Tell PETA my mink is dragginâ€™ on the floor
Can I have a bad bitch witâ€™ out no flaws
Come to meet me witâ€™ out no drawers?

Verse 1

Dinner with Anna Wintour, racinâ€™ witâ€™ Anja Rubik
I told you maâ€™ fuckers it was more than the music
In the projects one day to Project Runway
We done heard all that loud-ass talkinâ€™ , we used to
it
lâ€™m from where shorties fucked up, double-cupped
up
Might even kill somebody and YouTube it
So whoever think they words affect me is too stupid
And if you could do it better than me, then you do it
We flyer than the parakeet, floatinâ€™ witâ€™ no
parachute
Six thousand-dollar pair of shoes, we made it to the
Paris news!
Donâ€™t talk about style, â€™ cause I embarrass you
Shut the fuck up when you talk to me â€™fore I
embarrass you

Bridge

Canâ€™t a young nigga get money anymore?
Tell PETA my mink is dragginâ€™ on the floor
Can I have a bad bitch witâ€™ out no flaws
Come to meet me witâ€™ out no drawers?

Verse 2

And the whole industry wanna fuck yoâ€™ old chick
Only nigga I got respect for is Wiz
And lâ€™ll admit, I fell in love with Kim
â€™Round the same time she had fell in love witâ€™

him
Well, that's cool, baby girl, do ya thing
Lucky I ain't have Jay drop a~l~m from the
team
La familia, Roc Nation
We in the buildin', but still keep it basement
Flyer than the parakeet, floatin' wit' no
parachute
Six thousand-dollar pair of shoes, I made it to the Paris
news
Don't talk about style, 'cause I embarrass you
Shut the fuck up when you talk to me 'fore I
embarrassed you
G.O.O.D. Music, we fresh, we fresh
Anything else, we detest, detest
Bitch-ass niggas got ass and breasts
All that said, lemme ask this quest'
