[Hook]

I love you so

But why I love you, I'll never know (x4)

[Jay-Z]

Picture if you will

That the throne was burning

Rome was burning

And I'm sitting in the corner all alone burning

Why does it always end up like this?

Something that we don't determine

Same people that I fought for

That I fight for, that I ride for

That I live for, that I die for

Be the reason that these niggas is alive for and they
want me dead

But I'm so sorry but I just can't die for you

But I can make em put their hands in the sky for you

We waiting for the fireworks like July 4th

Get fly more, get high more, cry boy, why for?

When the grief is over

Beef is over

I'll be fly when Easter's over

I tried to teach niggas how to be kings

And all they ever wanted to be was soldiers

So the love is gone

Til blood is drawn

So we no longer wear the same uniform

Fuck you squares

The circle got smaller

The castle got bigger

The walls got taller

And truth be told after all that said

Niggas still got love for you

[Hook]

[Jay-Z]

Showed love to you niggas

You ripped out my heart and you stepped on it

I picked up the pieces

Before you swept on it

God damn this shit leaves a mess don't it

Shit feelin' like death don't it
Charge it to the game
Whatever's left on it
I spent about a minute
Maybe less on it
Fly pelican fly
Turn the jets on it
But first I shall digress on it
Wasn't I a good king?

[Kanye West]
Maybe too much of a good thing, huh?

[Jay-Z]
Didn't I spoil you?
Me or the money, what you loyal to?

[Kanye West]
Huh, I gave you my loyalty

[Jay-Z]
Made you Royalty and royalties

[Kanye West]
Took care of these niggas lawyer fees

[Jay-Z]
And this is how niggas rewardin' me

[Kanye West & Jay-Z]
Damn

[Hook]

[Jay-Z]
Bussin' at me, b-b-b-bussin' at me
But I'm bullet proof, bitch you can't get nothin' past me
Got body armor

[Kanye West]
A nigga gotta watch the throne

[Jay-Z]
And I'm bussin' back
So niggas in a glass house should not throw stones
What do you do when the love turns the hate?

[Kanye West]
Gotta separate from these fuckin fakes

[Jay-Z]
Caesar didn't see it so he ceased to exist

So the nigga that killed him had keys to his shit
Am I my brother's keeper?

[Kanye West]
Only if that nigga don't creep up

[Jay-Z]
Got a pistol under my pillow

[Kanye West]
I've never been a deep sleeper

[Jay-Z]
P-p-p-paranoia

[Kanye West]
Cause the nigga that said he'll...

[Jay-Z]
Blast for ya

[Kanye West]
Is now...

[Jay-Z]
Blastin for ya
That's an assassin for ya

[Kanye West]
These niggas got a shot they'll shoot

[Jay-Z]
Please lord

[Kanye West]
Forgive him

[Jay-Z]
For these niggas

[Kanye West]
Not know

[Jay-Z]
What they

[Kanye West & Jay-Z]
Do (Ooh)
