You like to ride, uh  
So why don't you and your friends get with me and my  
friends  
My friends, my friends, my friends, my friends?  
Would you like to ride?  
I don't know what happened, it's just like  
So why don't you and your friends get with me and my  
friends  
My friends, my friends, my friends, my friends?

I had that little ass Nissan at your crib showin' up  
Liquor store out of Arbor Mist, we Irish rosed it up  
Then we rolled to the movies, you rocked your fake  
Chloes  
You had Gap and Gucci, that's still two Gs

But that's that last year purse like it's still too cheap  
Ooh, you so boozy, boo, you could've fooled me  
'Cuz five years ago, you was so Fugees  
Now you don't want nothin' unless it cost a few Gs

You like the light-skinned Ania, the dark-skinned  
Aaliyah  
The black Jennifer Lopez, a ghetto seniorita  
You remind me of my Jeep but not no Kia  
We can talk on your cell but not Nokia

It be goin' in and out, that's why I barely hear ya  
It be goin' in and out like a robbery, ah  
I'm tryin' to take this money like Robin Geeda  
Then I'ma take you to the house like Trick and Trina

Would you like to ride shotgun in the Escalade?  
So why don't you and your friends get with me and my  
friends  
My friends, my friends, my friends, my friends?  
Like a cloud in our sky, grab your things, let's fly away  
So why don't you and your friends get with me and my  
friends  
My friends, my friends, my friends, my friends?

Malik Yusef, bet your baby, momma know the name  
The most critically acclaimed wordsmith in the game  
I give you words, spit with flames  
Stay to myself and let nerves mix with lames

Connoisseur of Kama Sutra, do somethin' absurd with  
your dame  
I used to love this girl who loved shoppin' and smokin'  
herb  
But my job was to hustle dro  
Now an artist of the spoken word, I just hustle flow  
Never a pretty boy, always a beautiful mind like Russell  
Crowe  
Now you in places no cabs'll take you, only the bus'll go

I would love for you and your friends to get with me  
and my friends  
But the problemo is your attitude be on the stank side  
And I no longer like you, fuck it  
Now you can't ride but ooh, wouldn't you like to?

Would you like to ride shotgun in the Escalade?  
So why don't you and your friends get with me and my  
friends  
My friends, my friends, my friends, my friends?  
Like a cloud in our sky, grab your things, let's fly away  
So why don't you and your friends get with me and my  
friends  
My friends, my friends, my friends, my friends?

Deep as the ocean is the motion of life  
Thought you would have been the sister I chose for my  
wife  
Not knowin' you was trife, stiflin' a nigga's growth  
All you wanna do is shop at River Oaks

Watch soaps on the couch, take shit and smoke  
I'm workin' hard like a fiend tryin' to get some dope  
Thought my real nigga quotes would make you truer  
You ain't gon' let me school ya, at least let me tutor

The sex is good but you ain't a shooter  
There's a war goin' on inside, you ain't a trooper  
I look through the mirror and see my reflection  
It ain't in your direction, so I passed her like a reverend  
Returned to my Bishop Juan ways  
Goin' wild like West and Kanye

Wherever I lay my [unverified] is my home  
Goddamnit, I'm grown  
Broke broad, I'ma leave your ass alone

You still wanna ride though

Would you like to ride shotgun in the Escalade  
So why don't you and your friends get with me and my  
friends

My friends, my friends, my friends, my friends?  
Like a cloud in our sky, grab your things, let's fly away  
So why don't you and your friends get with me and my  
friends  
My friends, my friends, my friends, my friends

Would you like to ride shotgun in the Escalade  
So why don't you and your friends get with me and my  
friends

My friends, my friends, my friends, my friends?  
Like a cloud in our sky, grab your things, let's fly away  
So why don't you and your friends get with me and my  
friends  
My friends, my friends, my friends, my friends?
