I'm no bad man  
God's true angels love me  
And I'm a Best Man  
So Matt and Jenny love me, too.  
And I'm a sad man  
I hope some things never change at all.  
And he's a dead man if he ever hurts her.  
I'm just kidding you. I'll drive a thousand miles so I can  
witness you.  
If no one else makes the trail, I'll sing the wedding  
song all by myself.  
I'll make time to play this game  
But if you want my blessing, I abstain  
If I'm gonna drive for you this far  
I'm gonna drive you this hard  
And I will wrap this veil around her head  
You'll swear yourselves until your dead  
And I'll kneel beside,  
Laughing,  
I'll tell myself I'll never
