Forty days and forty nights  
Since my baby left this town  
Sun shining all day long  
But the rain keep coming down  
He's my life, I love him so  
Why he left I'll never know

Forty days, forty nights  
Since I sat right down and cried  
Keep raining all the time  
But the river is, river running dry  
Lord, help me, it just ain't right  
I love that man with all my might

Forty days, forty nights  
Since my baby broke my heart  
Keep searching for him all the while  
Like a blind man in the dark  
Love can make a poor girl rich  
Or break her heart, I don't know which

Forty days and forty nights  
Like a ship out on the sea  
Praying, praying for him every night  
That he'd come back home to me  
Life is love and love is right  
I hope he come back home tonight

Forty days, forty nights  
Since my baby left this town  
Sun shining all day long  
But the river keep coming, rain keep coming down  
He's my life and I love him so  
Why he left I will never know

Why he left  
Why he left I'll never know  
Why he left I will never know  
Why he left I'll never know
