music intro

The cool clear night  
stillness before the light  
the blues move thru  
resurrecting the old to new

the songs slept inside us  
until we called them out ! - oohâ€¦

a baby cries  
and a soldier prepares to die  
the world spins by  
as the stars cross the evening sky  
and spirits move mountains  
when you call them out - ooh....

Chat â€¦â€¦

music solo's

The cool clear night  
stillness before the light  
the blues move thru  
resurrecting the old to new

the song sleeps inside you  
till you call it out

pa ta ta tata.....
