English Translation (Note: things in Italics are lyrics that  
were originally English)

jumpin' jumpin' jumpin' now  
jumpin' jumpin' jumpin' now  
jumpin' now jumpin' now

I'm throwing away those memories jumpin' jumpin'  
And getting rid of my sadness chance chance  
You're getting further and further away from me

I've made a wish to get you back

because I know what I want; it's you and I

?There's nothing better only you  
Into your heart I'm jumpin' jumpin' jumpin' now  
Jumping in and melting your heart jumpin' jumpin'  
jumpin' now  
Your love is everything only you

jumpin' now jumpin' now

I'm calling out to you, waking you up  
baby come back, baby come back  
shining you and I  
??there's nothing better only you  
To your side I'm jumpin' jumpin' jumpin' now  
No matter how many times it takes jumpin' jumpin'  
jumpin' now  
You are the only one I want only you  
I've been searching through time  
you you you  
With all of my heart

?repeat

??repeat

jumpin' jumpin' jumpin' now  
jumpin' jumpin' jumpin' now  
jumpin' now jumpin' now
