Cassidy
"All Alone"

I got family friends and my family's friends, ye-ah
(So many people in my life)
And everybody arising and they holding me down
(So many people in my life)
uh, uh
(So many people in my life)
Nut I'm on my own, I still feel all alone
Alone, alone, alone
But I still feel all alone
Alone, alone, alone
But I still feel all alone
Alone, alone, alone
But I still feel all alone
Alone, alone, alone
But I still feel all alone
Alone, alone, alone
But I still feel all alone

Life's though but when you though, it's hard to tell it is
All the hustle is that they be â€¦
You can't afford to sell your mortgage, hey gon' sell
your crib
If I'm a failure then what the hell am I gonna tell my
kids?
I got a lot of friends, a hell of relatives
But if the bill-collector call my phone, then I'm all alone
I got people I could call for loans
But I ain't got enough to pay 'em back,
Plus, they make you pay a tax
I bought a Bentley cash but had to trade it back
Took the cash, flipped and I spent it as soon as I made
it back
I came back around, smashed the crown and gave it
back
Cause cats praise royalty, but they ain't got loyalty

Alone, alone, alone
I'm on my own, I'm on my own
But I still feel all alone
There's so many people around me
Alone, alone, alone
I'm on my own, I'm on my own

But I still feel all alone
There's so many people around me
Alone, alone, alone
Anywhere, everywhere
But I still feel all alone
Alone, alone, alone
But I still feel all alone
But I still feel I'm on my own
Alone, alone, alone
But I still feel all alone

It's just me, myself, and Y
Cause only God can help you live, anybody else help
you die
The truth hurts, so it helped a lot
But to tell the truth I'd shoot somebody else to keep
myself alive
If you ask me who the best, Ima say myself
But I stay to myself, and let anybody else decide
I'm who they running from,
Cast that come from where I'm from don't even
understand where I'm coming from
Chickens be kissing my hand, know where I'm coming
from
My maker whole eat more meat than the number one
They answer my phone like where you get my number
from
I know you had fun and all that, but don't call back

Alone, alone, alone
I'm on my own, I'm on my own
But I still feel all alone
There's so many people around me
Alone, alone, alone
I'm on my own, I'm on my own
But I still feel all alone
There's so many people around me
Alone, alone, alone
Anywhere, everywhere
Anywhere, everywhere
There's so many people around me
But I still feel all alone
Alone, alone, alone
But I still feel all alone
But I feel I'm on my own
Alone, alone, alone
But I still feel all alone

If you trying to get cash, try to get on
Out there on the ground and you feel all alone
If you tryin' to get money, tryin' to get wealth

Tryin' to do it big, but you feel like you by yourself
If you tryin' to get paper, tryin' to get change,
If you try to move up, you can never get in the game
If you try to get chicken, try to get cheese
It's hard to separate your friends and your enemies
If you're tryin' to get dollars, tryin' to get guat
Tryin' to get the mill, but you feel like you click not
If you tryin to get cake, if you're tryin to get paid
do it by yourself, cause it's â€¦
I'm trying to get dough, not tryin' to go to jail
I do it dough low so nobody can tell
There's a lot of people around me,
A lot of people calling my phone
But I still feel all alone

Chorus:

Alone, alone, alone
I'm on my own, I'm on my own
But I still feel all alone
There's so many people around me
Alone, alone, alone
I'm on my own, I'm on my own
But I still feel all alone
There's so many peoá¹—le around me
Alone, alone, alone
But I still feel all alone
Alone, alone, alone
But I still feel all alone
But I feel I'm on my own
Alone, alone, alone
But I still feel all alone
Alone, alone, alone
But I still feel all alone
