I don't have no one but me myself and I  
Listen

I gotta get some work done man  
I ain't come in the studio just to chill  
This Swizz just flew out, this Neo Sleep  
So I'm a go over to this MP

And see if I can come up with my own track  
To keep it movin', yeah let me try that  
Aight, find these drums, yeah that's knockin'  
Yeah, that's crazy right there

I'm feelin' that, okay, let me add these high hats  
Okay, I think I'm gettin' the hang out of this joint man  
That's crazy, yeah I'm a make this beat myself man  
Now let me add the scratch, okay and the crash, break  
it down now

Add this 808 drum and get it knockin'  
A lil' bit more, that's crazy  
I'm feelin' this track right here man  
Now all I gotta do is spit somethin' crazy and it's a wrap

I'm in the zone all by myself  
I'm alone all by myself, I'm on my own  
But homes I could set the tone myself  
And make the track that I could rap on myself

I wrote the rap myself, did the track myself  
Went in the booth produced that myself  
I did the bass, did the claps myself  
Did the drums snares and the high hats myself

I play each sound, I'm bangin' out beats now  
The only one with heat now holdin' the streets down  
I paint pictures everybody could see  
But besides God I ain't got nobody but me

I'm in the zone all by myself  
I'm alone all by myself  
But I don't need nobody else

And God

I'm in the zone all by myself  
I'm alone all by myself  
But I don't need nobody else  
And God

I wanna thank my fans, good lookin' for the mail  
'Cause I was goin' through it when they put me in the  
jail  
They put me in the cell, just me and the rats  
And my relationship with God is what kept me relaxed

DA will say anythin' except for the facts  
And they had a lot of evidence except for the gats  
Before they prove you guilty they'll treat you like a  
criminal  
They tried to give me first degree they said it was  
intentional

I had to get \*\*\*\* together on my own  
The media was talkin' like I'm never comin' home  
When me and my mother used to talk together on the  
phone  
She would say keep the faith and you will beat this  
case, yup

I'm in the zone all by myself  
I'm alone all by myself  
But I don't need nobody else  
And God

I'm in the zone all by myself  
I'm alone all by myself  
But I don't need nobody else  
And God

I gotta clique that'll grip steel for me  
I gotta squad that'll ride, that'll kill for me  
But I argue and fight with my own mother  
And now a days you can't even trust your own brother

So make sure you keep your enemies the closest to you  
'Cause your friends will be the ones who put the toasters  
to you  
That's why you gotta watch your surroundin's  
'Cause \*\*\*\*\* that can swim love watchin' you drownin'

So only real \*\*\*\*\* chill with me  
But ain't nobody gonna pay my bills but me see  
You might got a crew that can help

But if you want it done right you gotta do it yourself,  
yup

I'm in the zone all by myself  
I'm alone all by myself  
But I don't need nobody else  
And God

I'm in the zone all by myself  
I'm alone all by myself  
But I don't need nobody else  
And God

That's crazy man, they got your boy Cassidy rappin'  
Makin' tracks now, soon I'm gonna be CEO of my own  
company  
I'ma be promotin' my own projects, puttin' out my own  
artist  
I'ma be doin' a lot of things on my own in the near  
future, man  
Watch out for me

I don't need nobody but me myself and I  
I got a lot of people that's there for me  
A lot of people that love me, a lot of people that support  
me  
But at the end of the day I don't need nobody but me  
myself man  
Sometimes I feel alone in this world, for real

I don't have no one but me myself and I
