Got a dozen grimps so I round round with my jopper

got a kilo on my neck yeah I'm cashin out
Got a dozen grimps so I round round with my jopper
keep the dutch full of gush can't keep a cuff full of

I'm high that's why I'll be in my zone
dreams of that dream daddy I'll be getting stone
this chicks it in, daddy why you never call my phone

I'm not tryin hit your problems I got problems of my
own
like necessarily so rockin make some molly with Patron
if you f*ck the first night and I might probably take you
home
and if you swallow in the pipe and you can probably get
alone
you could owe me but you gotta blue me like a
saxophone
'cause you wasn't with me rappin on that microphone

but I can tell you don't read a lot
'cause you're talking stupid you need to stop

and now call you when you need to pop
you need to pop so I need to cheeck
don't need shit she just need the dick

but you about to put the classic out
I get the cash then I'm cashing out
