... I smile for the Camera  
and got the chance to be a star like Ted Danza  
and i got a chance to ball just like the answer

Im a cancer on point like an antler

so put your cup in the air and say cheers  
I deserve to shine ive been signed for 8 years

[Chorus - Sterling Simms]

Now everybody knows my name (Cassidy the hustla)  
im na nuh na and still the same  
I gotta keep on hustling  
even with all this fame  
i gotta make this money everyday  
i cant go back to struggling  
now that i got this fame  
i gotta make sure people know my name

Im always Hustling, Im always on the block  
Im always making moves and it dont ever stop  
Never looking back, keep ya head up in this game  
cuz remember when no one ever even knew my name

now that i got this fame
