Dear baby, wassup witch? I really do wanna believe it,
but you know, so good I guess a man's gotta do what a
man's gotta do
I mean you you couldn't just wait like 3 more days till I
got back to town
I don't even understand
Should have known better, you went behind my back
and you had to mess with something like that
My love grew to hatred, your love is not the... I've been
rehabilitated
You had a real woman but you ain't appreciate it
Why you cheating on me with a girl like her
My love grew to hatred, I know you and me shouldn't be
affiliated
I... really woman but enough of what I made it
Why you cheating on me with a girl like her

The first night was love at first sight
I liked you when I first saw you, when I first caught you
The first conversation was making my blood boil you
So now you gonna just spoil it in joy cause boy... you
You are beautiful rose that grew up on some bad soil
Any place anywhere, I don't care, I'm here for you
Them girlfriends you got, they really don't care for you
They just trying make up shit to ruin our relationship
But think about it, what they shout... they make it since
They just hatin and try to break us up
But I won't take offence, they hurt...
They decide that to take the bitch,
But if I'm lying you can lock me up and take my keys

My love grew to hatred, your love is not the... I've been
rehabilitated
You had a real woman but you ain't appreciate it
Why you cheating on me with a girl like her
My love grew to hatred, I know you and me shouldn't be
affiliated
I... really woman but enough of what I made it
Why you cheating on me with a girl like her

I can lie, was a pimp, yeah I had a squad
That's why I never been married, never had a bride

But look ma, that was the past, you don't have to cry
You're financially stable when you're sexually satisfied
The ladies always be on my feast
But don't believe what they be putting on Twitter and
MySpace
Why you hate me, cause a low rumor started?
Is you retarded, that's what they do to artists
I'm the hottest rapper out the mother duds garbage
That's why the ladies love me but I want you regardless
The girl they say I'm cheating with I ain't sleeping with
The media say I'm tripping with... girl

My love grew to hatred, your love is not the... I've been
rehabilitated
You had a real woman but you ain't appreciate it
Why you cheating on me with a girl like her
My love grew to hatred, I know you and me shouldn't be
affiliated
I... really woman but enough of what I made it
Why you cheating on me with a girl like her

And now I understand if you just wasn't ready
But all you had to do is just be honest and tell me
That you needed some time, tell me space you... and
have fun
Why did you take into eat or two?
It's not the fact you cheated, it's the fact with who
That's why I'm so heated, now I was so disappointed
when I finally seen it

My love grew to hatred, your love is not the... I've been
rehabilitated
You had a real woman but you ain't appreciate it
Why you cheating on me with a girl like her
My love grew to hatred, I know you and me shouldn't be
affiliated
I... really woman but enough of what I made it
Why you cheating on me with a girl like her
