You Can't judge a book by its cover you gotta read it
man/
But as far as Narcotics I got if you need it man/
I got that piff if you need a gram/
it's light green but it got orange hairs like peter pan/
I'm hot headed but I ain't got a fever man/
I'm (Amber-Dex-Trious) I can squeeze it with either hand/
And...My flow tight like and my main squeeze/
You tryna chase cake but yall running the same speed/
I paid cheese for my watch and my chain please/
If you kissed my ring you will probaly get a brain
freeze/
Haha..Sometimes I smoke til I can't breathe/
But yall stems&seeds;/
We don't smoke the same weed/
I what the game need. I rap real misticly/
IF SOMEONE OUT THEA SICK AZ ME/THATS A MYSTERY!/
I celabrate christmas beacause of the (E-piff-any)
But Santa Clause & Rundolph don't exist to me/
I seen somethings that you will never get to see/
Thats why I can't let these bitch n*ggahz get 2me/
I twist the tree & stay smoking/
to keep focus/
I stay with toasters/
You only kill when you spray roaches/
Where the burner hater?/

You a exterminator/
So of course ya fans/
Should call you the Orkin Man/
Actin like a killer made you a fortune man/
But tha only beef you had you can stick a fork in man/
Ya motha shoulda had and abortion man/
Just because you takin up space/
You a f*cking fake/
You tha type of n*iggah go to jail and get f*cking
r*ped/
Im a f*cking Ape you a rat..Stay in ya f*cking place/
B4 I empty out the f*cking H/
They gunna need dental records when the heckler hit
