It?s a real bad time for black celebrities They lockin' everybody up

Michael Jackson, James Brown, Tupac, R. Kelly OJ Simpson, Mike Tyson, Kobe Bryant, Jay-Z, Mystikal P. Diddy, Allen Iverson, Snoop Dogg, DMX Styles P, Shine, Beanie Segal, Lil? Kim

Is it because I?m black? Is it because I?m black?

When you black you got to hustle, got to struggle and strive

And not every cat that goes through that struggle survive

But he got to stay stronger and keep the struggle alive They say the struggle died, I say the struggle revived

Hey you, my profession is going through oppression That?s why I?m so stressed and I'm working with no rest

And no question I'ma fight for y'all 'cause I don?t like it y'all

We make half as much as them, we workin' twice as hard y'all

It ain't fair sometimes you see and hear the signs I ain't Farachan but I got knowledge and I?m sharing mines

I swear it's time to be aware that they fear you mind And they fear your heart, you want to change here's the start

I?m tired of watchin' cops outline my peers and y'all I?m trying to make a move, I?m not tryin' to make the news

They say the consequences worst when we break the rules

To get back and right you got to make a sacrifice

Is it because I?m black? Is it because I?m black?

We got some problems we need solve Here's our chance to get them handle Just take the boycott in Alabama for example They stop ridin' the bus till they address their affairs And they ended segregation in less than a year

So imagine what our status if we made a contribution We?ll probably be able to change the constitution I can't see no other kind of solution We deserve our reparation, it's time for a revolution

I?m a step ahead of Satan, I read it in Revelations Forget your reputation, let's make it a better nation 'Cause they trying to cage us in make us slaves again Eventually it's meant to be the new plantation, the penitentiary

For centuries they had a plan we let them executed Everyday another brother getting executed And all our artist getting arrested I expect improvement It?s a message in the music, I suggest you use it

Somebody tell me what can I do Will I survive or will I die?

On the streets it's hard to survive why, is it because I?m black?

Hot Shot got rock, I can't bring my cousin back Five-hundred thousand sold, gold, yeah, it wasn?t plat But Clyde gave me another try 'cause I wasn?t whack

And now I'm buzzin' back, yeah, I got my budget back Renegotiating got a mil to do a dozen tracks Yeah, I?m eatin' only reason is because I rap My homies eatin' only reason is because of crack

They can't get a job so them niggas quick to rob Quick to steal, quick to kill, grip the steal, quick to ride Malcolm X, Martin Luther King we cant forget them guys

These politician, hypocrites they got us hypnotized

That why I kiss writt, why we got to lift our eyes? 'Cause if we keep ?em close they just goin' keep control

And hold our sisters and brothers in the pen And we was born guilty 'cause the color of our skin

Is it because I?m black?
