[Bridge]

Yo my money was small  
Now my money is growing  
And I throw that coke on the strip  
And make it look like it's snowing  
Took my profit, went shopping  
Spent a couple of dollars  
Then hit the block out here popping  
And made it back in an hour

[Hook]

I got the mind of a grinda, that's right  
The mind of a grinda  
I got the mind of a grinda, mind, mind of a grinda  
I think, think like a hustler, I put that on my mama  
I got the mind of a grinda, mind, mind of a grinda

I was born to shine, money on my mind  
I'm drawn to crime, but I ain't got the time  
Cooking white put my life on the line  
I should have blue bars I'm on the grind  
I'm making the call, picking it up  
Weighting it raw then I'm ripping it up  
Got a dutch of the green I'm twisting it up  
Lean off codeine, I'm sipping the cup  
You riding around with this chick in the truck  
She got some big tits, hips and a butt  
I'ma get my dick sucked, put the dick in her gut  
I'm popping her off then I'm dropping her off  
You wanna strip then you knocking it off  
Then I'm the nigga that you're coping it off  
I'm coping this off and selling it hard  
Tryina not to get another felony charge  
I get the coop, 10 birds at a time  
And 20 pounds of the ...better time  
Even though I get paid for the words that I rhyme  
I'm on the grind and that's word to my mom  
I'm still twisting that ganja,  
I'm still spitting that china  
I'm still pitching Madonna  
Cause I got the mind of a grinda

[Bridge]

Yo my money was small  
Now my money is growing  
And I throw that coke on the strip  
And make it look like it's snowing  
Took my profit, went shopping  
Spent a couple of dollars  
Then hit the block out here popping  
And made it back in an hour

[Hook]

I got the mind of a grinda, that's right  
The mind of a grinda  
I got the mind of a grinda, mind, mind of a grinda  
I think, think like a hustler, I put that on my mama  
I got the mind of a grinda, mind, mind of a grinda

I cook up the crack, then cut the crack  
Bag up the crack, then bust the trap  
Move the work fast then I bust the rap  
Throw a hustler bag, where the hustlers at?  
I pay half price but I cop the hoe  
My pockets hold too much gwap to fold  
Cause the rocket's gold  
I make a profit then take a profit  
Start coping clothes  
I stay sharp and I'm popping hoes  
My cock is always getting mopping glows  
Cause I cop the rose, my watch is froze  
And I roll with hoes that pop oxy soul  
The pocket roll that will hurt your chest  
I sip patron I'm getting stoned  
I work the best when I'm on ... sets  
And these bitches can't leave my dick alone  
They call my phone and Twitter me,  
Like why you tryina get rid of me  
I'm like go to hell with all that  
Bitch fall back, and don't call back  
They be all on my ball sack  
Tryina give me that Virginia  
But I aint't with all that drama  
Cause I got the mind of grinda

[Bridge]

Yo my money was small  
Now my money is growing  
And I throw that coke on the strip  
And make it look like it's snowing  
Took my profit, went shopping  
Spent a couple of dollars

Then hit the block out here popping  
And made it back in an hour

[Hook]

I got the mind of a grinda, that's right  
The mind of a grinda  
I got the mind of a grinda, mind, mind of a grinda  
I think, think like a hustler, I put that on my mama  
I got the mind of a grinda, mind, mind of a grinda

I pinch pills, that fish scale,  
We move that marijuana,  
Cause I got the mind of a grind  
Got, got the mind of a grinda  
I wear LV, that double G, that Dolce and Gabana  
Cause I got the mind of a grind  
Got, got the mind of a grinda  
My bank account got 2 ...  
But I walk around with that llama  
Cause I got the mind of a grind  
Got, got the mind of a grinda  
I fuck the chick, let her suck the dick  
But I'm not gonan wine and dine her  
Cause I got the mind of a grind  
Got, got the mind of a grinda

[Bridge]

Yo my money was small  
Now my money is growing  
And I throw that coke on the strip  
And make it look like it's snowing  
Took my profit, went shopping  
Spent a couple of dollars  
Then hit the block out here popping  
And made it back in an hour

[Hook]

I got the mind of a grinda, that's right  
The mind of a grinda  
I got the mind of a grinda, mind, mind of a grinda  
I think, think like a hustler, I put that on my mama  
I got the mind of a grinda, mind, mind of a grinda.
