[Hook]

I put in work in the street, I put in work in the street  
I got that kush, got that sour, and that purple for cheap  
Narcotic for sale, narcotic for sale  
Is what we tell them dudes moving on ...  
I put in work in the street, I put in work in the street  
I got that boy and that girl you can purchase for cheap  
Narcotic for sale, narcotic for sale  
I'm the hustler, you want it, then I got it for sale

Listen, my trap game and my gap game is phenomenal  
I still got that Phill Donahue and that Madonna too  
I done did a crime or 2 went to prison a time or 2  
Listen if it's drama, I'ma show you what the lama do  
I spit cook crack and I put that on my mama too  
You remind me on a comic on a comic view  
You's a fucking comedian, put a slug in your skull  
Spray blood on the wall like I'm a fucking graffitian  
You need red cross cause you dead soft dog  
I pop the damn led off and knock your damn head off  
I got 2 whores and a 2 door with a head off  
Chill homie, you mad cause my wheel's chromy  
And I got enough on me to cope another wheel homie  
I'm a winner, you ain't even eat dinner, you still hungry  
I got real homies and homies that's real phonies  
So fuck how niggas feel, I'm keeping my still on me

Look, yeah, I'm the truth boy why lie  
Stay around goons, why try  
Tell that guy by, tetth tooth fly by  
Windows down drive by

Peach cobble color jet, cause I make the ...flow  
Could smell that sour dallie when my niggas ride by  
Used to move the nickel bags hand in hand hi5  
Chubby, the shotty rounds will make your head rot  
Red dot will shot a nigga body down, head shot  
Led pop, we gunning boy, see you niggas running boy  
Put the work in the street  
How the fuck is we unemployed  
Boss used to know me nigga  
Bring the cash on, get my blast on  
With the mask on, like the dollie nigga  
Popping, with a style you can steal  
Niggas ain't real, mean nigga  
Looking at the king nigga  
... paint your whole house red, I deserve a paint deal  
Freddie Kruger, fucking niggas dreams  
I'm what you can't kill
