Maybe it's the things I say
Maybe I should think before I speak
But I thought I knew enough
To know myself and do what's right for me

And these wall I'm building now
You used to bring 'em down
And the tears I'm crying out
You used to wipe away

I thought you said it was easy
Listening to your heart
I thought you said I'd be okay
So why am I breaking apart
Don't wanna be torn [4x]

Don't make me choose between
What I want and what you think I need
'Cause I'll always be your little girl
But even little girls have got to dream
Now it all feels like a fight
You were always on my side
And the lonely I feel now

You used to make it go away

I thought you said it was easy
Listening to your heart
I thought you said I'd be okay
So why am I breaking apart
Don't wanna be torn

Why is this all so confusing
Complicated and consuming
Why does all this make me angry
I wanna go back to being happy
These tears I'm crying now you used to wipe away

I thought you said it was easy
Listening to your heart
I thought you said I'd be okay
So why am I breaking apart

Don't wanna be torn [8x]
