Lala Lala la la
Mmmmmm mmm
You by the light
Is the greatest find
In a world
Full of wrong
Your the thing thats right
Finally made it
Through the lonely
To the other side

You set it again
My hearts in motion
Every word feels
Like a shooting star
Im at the edge of my emotions
Watching the shadows
Burning in the dark
And Im in love
And Im terrified
For the first time
And the last time
In my only life
Life

This could be good
Its already better than that
And nothings worse
Than knowing your holding back
I could be all that you need
If you let me try

You set it again
My hearts in motion
Every word feels
Like a shooting star

Im at the edge of my emotions
Watching the shadows
Burning in the dark
And Im in love
And Im terrified

For the first time
And the last time
In my only life

I only said it 'cause I mean it
Oh I only mean it
'Couse its true
So dont you tear
What I've been dreaming
'Couse it keeps me up
And holds me close
Whenever Im without you

You set it again
My hearts in motions
Every word feels
Like a shooting star
Im at the edge of my emotions
Watching the shadows
Burning in the dark
And Im in love
And Im terrified
For the first time
And the last time
In my only life
Life, life
In my only life
