You tell me what you want to
You tell me that you need something more

What are you trying to say i don't understand
What did you want me to do i can't read your mind
You tell me what you want to
You tell me that you need something more
What can i do or say to make you change your mind

What would you do if you were me (what? what?)
What would you do if you were me (what? what?)
You ask for my opinion
Just to shoot it down
What would you do if you were me

What happened to us we used to be perfect
What could pull us apart i think about what i did wrong
You tell me that you want to
You tell me that you need something more
What did you want me to do i can't read your mind

What would you do if you were me (what? what?)
What would you do if you were me (what? what?)
You ask for my opinion
Just to shoot it down
What would you do if you were me (what? what?)

Did you really think that i wouldn't see
That i wouldn't leave
Did you really think I'd still be here tomorrow

With all these games you play there has to be a better
way

What i listen to you i don't believe what you say
What choice should i make i know that i can't stay
You tell me that you want to
You tell me that you need something more
What do you want me to do tell me seriously

What would you do if you were me (what? what?)

What would you do if you were me (what? what?)
You ask for my opinion
Just to shoot it down
What would you do if you were me

With all these games you play there has to be a better
way

Did you really think that i wouldn't see
That i wouldn't leave
Did you really think I'd still be here tomorrow
