I trust you with my tears
and my secrets never told
I trust you with my hopes and fears
and this hand I hold
I know you'll be true to me
whenever were apart
in a world filled with uncertainty
I trust you, I trust you my heart

I've been holding back so long
afraid to give it all
looking for a place to land
trying not to fall
you showed me how to give
let me take my time
wishing somehow we'll just know but we'll never
fight

I trust you with my tears
and my secrets never told
I trust you with my hopes and fears
and this hand I hold
I know you'll be true to me
whenever were apart
in a world filled with uncertainty
I trust you, I trust you my heart

the time is here and now
may it never end
and as each day goes down
let love start again

I trust you with my tears
and my stories never told
I trust you with my hopes and fears
and this hand I hold
I know you'll be true to me
whenever we're apart
in a world filled with uncertainty
I trust you, I trust you with my heart
I trust you with my heart
I trust you
