"I Want You"

Visit "[I Want You](#)" on MotoLyrics.com

I want you baby every single drop
I need you for my own and I won't stop
Till your mine cuz I don't share what I like
When you touch me I feel so damn nice
Your attention is like heroin
When you give into I could shake a bitch
Cuz you are mine and I would sacrifice
Everything to shoot me up with you tonight
Everything to shoot me up with you tonight

[Bridge]

I want you baby every single way
Your love is like something I've never tasted
You hold me close and I get exited
That you are mine and no one else gets to bite it
I want you

[Chorus]

So bad I scream at night
Your face kicking up insane inside
I kinda like what you're making me do and
Never seen my body move the way it's moving
So bad baby I can't breath
My lungs fill up when you're touching me
I kinda like what you're making me feel and
I want you baby want you want you want you want you
want you
I want you

I need you baby I just wanna please
Just say the word and I'll be on my knees
I'll play a role give you ultimate control
for your love it I'll sell the devil my soul
I have to have you or my minds breaking loose
Getting Paranoid that you're breaking loose

you are mind and I would cross every line
To get your body next to mine all night
To get your body next to mine all night

[Bridge]

I want you baby every single way

Your love is like something I've never tasted
You hold me close and I get excited
That you are mine and no one else gets to bite it
I want you

[Chorus]

So bad I scream at night
Your face kicking up insane inside
I kinda like what you're making me do and
Never seen my body move the way it's moving
So bad baby I can't breath
My lungs fill up when you're touching me
I kinda like what you're making me feel and
I want you baby want you want you want you want you
want you
I want you

I walked by and I have to have you
You
I want you baby every single drop
I need you for my own and I won't stop
Till your mine cos I don't share what I like
When you touch me I feel so damn nice
When you touch me I feel so nice

[Chorus x2]
