I'm looking for a lover not a friend
Somebody who can be there when I need someone to
talk to
I'm looking for someone who won't pretend
Somebody not afraid to say the way they feel about you

And I'm looking for someone who understands how I
feel,
Someone who can keep me real and who knows always
Baby I like to have you in my way
And I'm looking for someone who takes me there,
Wants to share, shows he cares
Thinking on the one that I've been waiting for

Is it you? is it you?
Maybe you're the one I've been waiting for
Could you be the one for me?
Could you be the one I need?

Is it you? is it you?
Maybe you're the one I've been waiting for
Could you be the one for me? (Could you be?)
Could you be the one I need?

I'm looking for someone to share my pain (Uh)
Someone who I can run to, who would stay with me
when it rains
Someone who I can cry with through the night
Someone who I can trust who's hardest right
And I'm looking for someone

And I'm looking for someone who understands how I
feel,
Someone who can keep me real and who knows always
Baby I like to have you in my way
And I'm looking for someone who takes me there,
Want to share, shows he cares
Thinking on the one that I've been waiting for

Is it you? is it you?
Maybe you're the one I've been waiting for
Could you be the one for me?

Could you be the one I need?

Is it you? is it you?

Maybe you're the one I've been waiting for

Could you be the one for me?

Could you be this one I need?

Take for grant

How much I care (How much I care)

And appreciates that I'm there

Someone who listens

And someone I can call who isn't afraid of thought to
share

Is it you? is it you?

Maybe you're the one I've been waiting for

Could you be the one for me?

Could you be the one I need?

Is it you? is it you?

Maybe you're the one I've been waiting for

Could you be the one for me?

Could you be the one I need?
