Ain't nobody like you  
I ever met before now  
Take a normal picture of life and you  
You mess it around  
You're just so complicated  
I Wanna figure you out  
Wanna write you on paper so I can  
Sing your song by mouth

But more than 'I',  
You are confused  
You don't know why you're head's unscrewed  
maybe one day you'll unbury the truth  
'Fore you get too jaded and then you can't take it  
I am good for you  
I know what you like and I like the same things that you  
do  
Let me inside you

If you just open  
Then we'd be rollin' in happiness Mr. Colson  
But let me love you

It's all about you  
Don't care 'bout nobody else  
Wanna break your mirror down  
The world is more than yourself  
You live half your life  
And you fake the rest  
I fell for the hero you showed me  
Cuz you had past success

But more than you,  
I am confused  
You never care 'bout when I'm blue  
Call me your girl  
And I'll call myself 'fool'  
But I'll still protect you  
From what's against you  
I was good for you  
I know what you believe  
I see the same way as you do

But you closed me out of you

If you just open  
Then we'd be rollin' in happiness Mr. Colson  
But let me love you

If I can't have it  
Won't waste my time grabbin'  
Wrote you down, grab it  
Never took you for granted  
I was inspired  
Yes, I'm pleased with my mind's work  
I'll sleep when I'm tired  
Cuz you started a fire  
And now I can laugh  
Cuz I open and grab  
Something you'll never have  
Yeah, now I can laugh

I was good for you  
But it's good thing that I didn't sink for a fool  
You were just my muse  
I got so much story, nothing can hold me til I find a new  
man

That's broken like Mr. Colson  
That's broken like Mr. Colson  
That's broken like Mr. Colson, yeah  
Why'd you have to break me?  
Oh, Mr. Colson
