A voice inside me cries, but for pleasure
Or for pain.

A nightmare in disguise,
who taunts me with your name.
I hear thunder coming closer,
with each beat that my heart makes.
The temptation to hold her, is so strong,
That I break.

I'm not helpless, but I'm spinning.
Am I losing me?

What we do when heavens rain,
Things that God cannot explain.
Thunder roars in the skies above,
and these just things I can't ignore.
While the clouds bleed 'til I'm stained.
Things that God cannot explain.
How you bruise me with a kiss,
While I dangle and I twist.

I've crossed another line,
Is it wrong to feel this way?
But I've left it all behind, beyond the boundaries of my
faith.

I was told, but I don't know.
Is it natural or a sin?
As your body comes in closer, I hold back,
Then I give in.
I'm not helpless, but I'm spinning.
Am I losing me?

What we do when heavens rain,
Things that God cannot explain.
Thunder roars in the skies above,
and these just things I can't ignore.
While the clouds bleed 'til I'm stained.
Things that God cannot explain.
How you bruise me with a kiss,
While I dangle and I twist
When the rain disappears,
will it wash away my fears?
Or have you stained me with your kiss?
Just a scar left on my wrist?

What we do when heavens rain,
Things that God cannot explain.
Thunder roars in the skies above,
and these just things I can't ignore.
While the clouds bleed 'til I'm stained.
Things that God cannot explain.
How you bruise me with a kiss,
While I dangle and I twist
