### "You And I"

Visit "[You And I](#)" on [MotoLyrics.com](http://MotoLyrics.com)

I was down, I was low,  
Till' you came and gave me hope.  
I was lost and I was tired,  
Till' you came and took me higher  
You were kind and you were strong,  
You were everything I want  
Didn't have you, now I have you, Baby Can you

Pour your self out onto me  
Heat my soul up with ecstasy  
I love you  
Oh I love you  
Lay your Body Before Mine  
Let me show you how I see the world  
Through my eyes  
It feels so right

I was broken, I was cold,  
Something missing in my soul  
I stumbled in, you helped me stand,  
From that day on, You were my man  
I will heal, I will hold, I will give you my shoulder to lean  
on  
Cause you need love, We all need love

Pour your self out onto me  
Heat my soul up with ecstasy  
I love you  
Oh I love you  
Lay your Body Before Mine

Let me show you how I see the world  
Through my eyes  
It's Your Life

Since you been mine  
Life has been so fine  
I wake up each day smiling  
What I live For  
The only thing I want boy  
Is you  
I'm yours

I was down, I was low,  
Till' you came and gave me hope.  
I was lost and I was tired,  
Till' you came and took me higher

Pour your self out onto me  
Heat my soul up with ecstasy  
I love you  
Oh I love you  
Lay your Body Before Mine  
Let me show you how I see the world  
Through my eyes  
It feels so right

Pour your self out onto me  
Heat my soul up with ecstasy  
I love you  
Oh I love you  
Lay your Body Before Mine  
Let me show you how I see the world  
Through my eyes  
It feels so right
