Let the beat control your body,
Let the beat control your body,
Let the beat control your body,
Let the beat control your body,

What, What, What, (x16)
Ayo, You can feel the adrenaline,
Fire threw your ventricle,
your bodies unsettled,
Gold medal tell the press i am the first one through,
Dem niggers running the last lap im untying my shoe,

Taking flicks with my fans like britney on coke,
Salmonella six watching rappers get yoked,
Kon love it when i rap this,
It make it easier for anyone on konvict to keep getting
paid,
We like louie in comparison to guchi from cannal,
Like a dark skin amex compared to pay pal,
Eh gal turn around see the man im in the back,
Eyes low with the custom made blue jays hat,
That's my people,
Makes these little punks get tight,
Laugh hard cause we showing your flaws like black
light,
I aint never begged nobody for nothing in my life,
Trust me im quick to make a crack smoker my wife,

Chorus
